

Why do we need to study Rizal? Explain and elaborate your answer

1. It is essential to not just study but also appreciate Rizal, his writings and contribution, including his books which may teach us how life is before our independence. Owing the fact that the contribution he gave to the country is priceless. Jose Rizal's love for the country led him to his execution. It was such a heroic act of sacrificing his own life for an accusation and being a role model in the rebellion of the Filipinos. Studying Rizal may prove us and give us a different view of him as we study and dig in to his life, aside from this, studying his works may also lead us to a better perception of life. Rizal also inspires us to be a major contributor that can help our land succeed, just like his objectives and aims we also need to fight for our freedom, fight for our justice and fight for our rights to achieve the triumph of all the people who are regardless and to cultivate the weapon of writing novel neither. We do not just live in a rebellion full of violent munitions and sharp weapons, we live in a world that writing is an essential tool to conquer and fight for what is right.
2. Studying is one way of knowing. Dr. Jose Rizal is the Philippines' National Hero. He is a writer and a patriot whose life and writings was an inspiration that made a great impact on the Philippine independence. So, knowing about him is the same as knowing his importance in the Philippine History. Aside from it became a law, we should also be knowledgeable and aware of what our national hero did for the sake of the country, we owe a lot to him so I think it would be great if we are to compensate him also. The life and works of Dr. Jose Rizal make us become cognizant; we are supposed to become more aware of the ideals that our country is founded upon. We are supposed to become more aware of the sacrifices (such as Rizal giving his life) that our forefather made in order that we could have an independent country and that reason alone gives us the basic response why we need to study the life and works of Rizal.
