
HEIRARCHY OF RULES

INSTRUCTION: Create a diagram that shows the hierarchy of rules (from general/broad/most important to specific/narrow/least important). Below your concept map, be able to give 10 reasons why you have to follow the rules at home, school and community and 10 practical functions of rules:

OBJECTIVE:

- a. Recall the rules you have to follow.
- b. Explain why you have to follow the rules.
- c. Recognize the functions of rules in a society.

GROUP ACTIVITY:

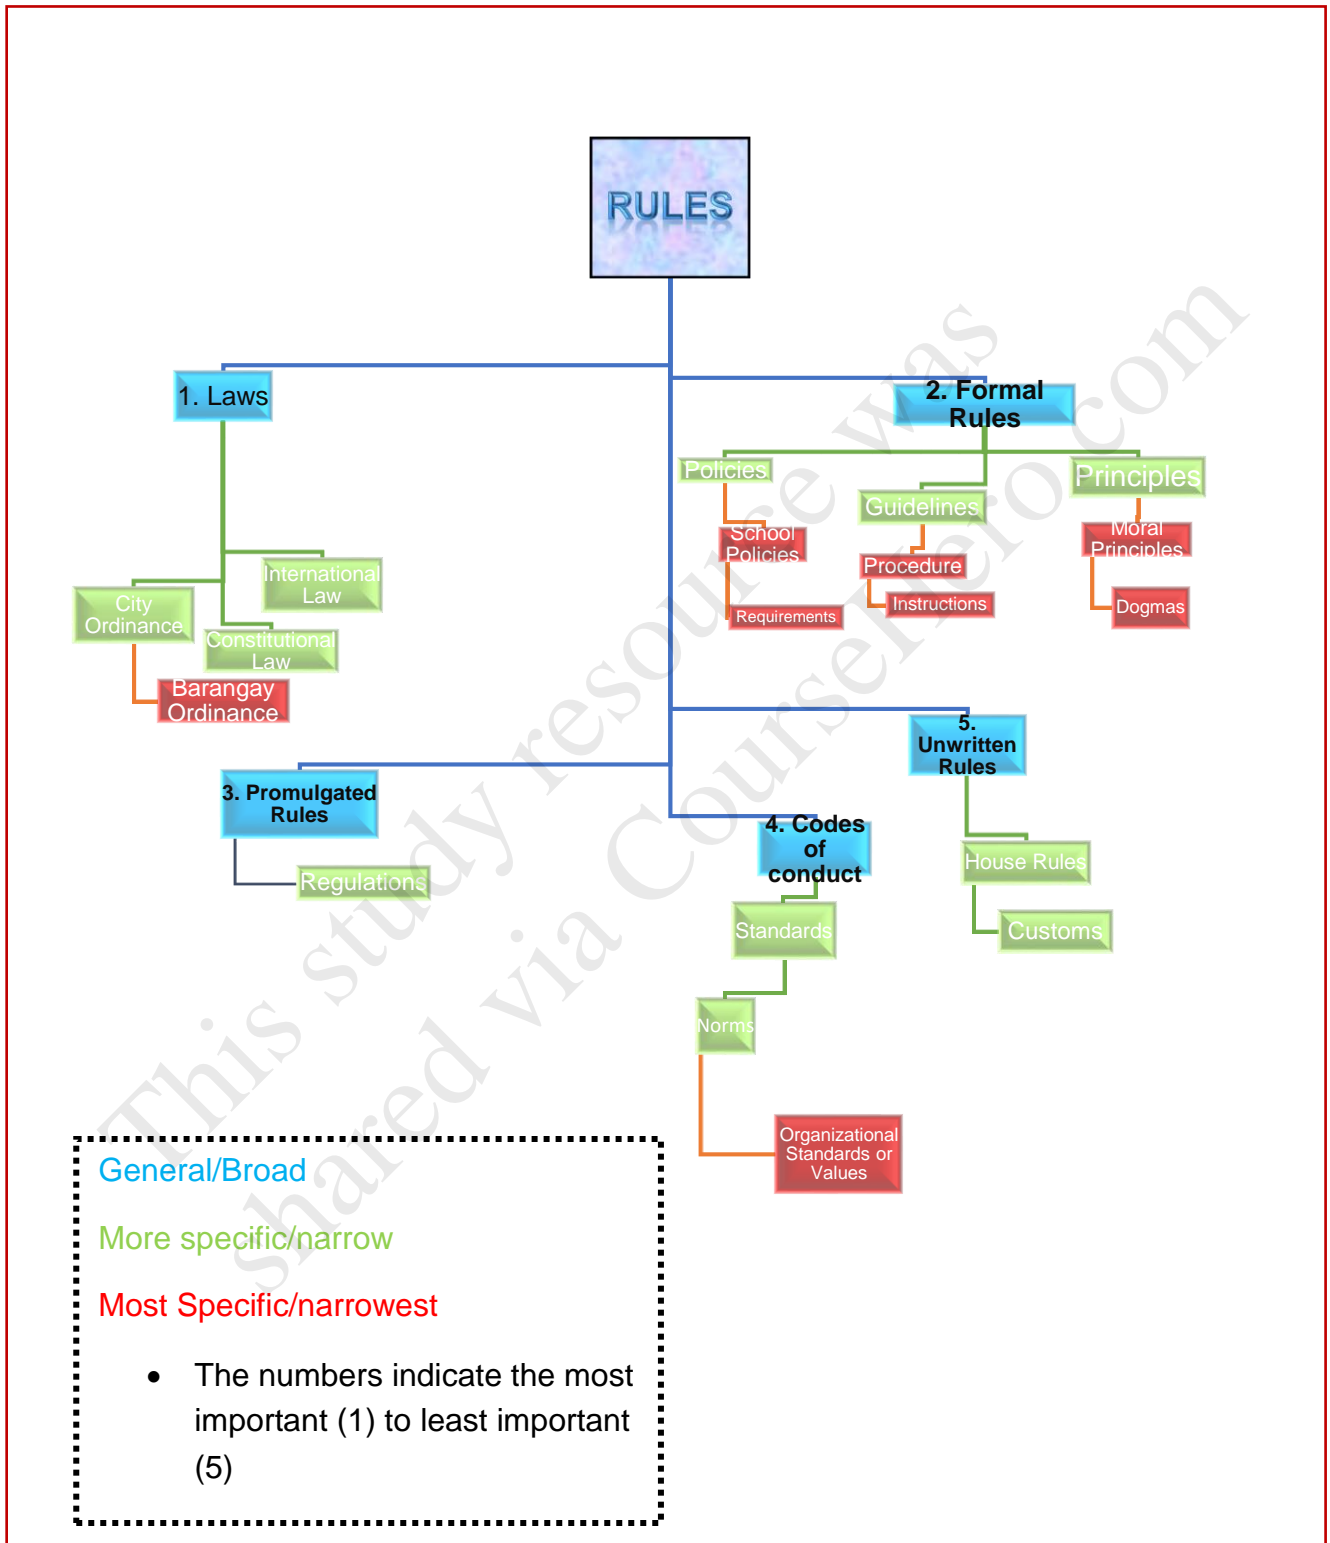

- a. Form a dyad or group yourselves into two (pair).
- b. From the list of terms below, develop a concept map [*are visual representations of information. They can take the form of charts, graphic organizers, tables, flowcharts, Venn Diagrams, timelines, or T-charts. Concept maps are especially useful for students who learn better visually, although they can benefit any type of learner (<https://learningcenter.unc.edu/>)*].
- c. The concept map should be able to show (the/that there is) hierarchy of rules.
- d. The concept map should not exclusively be a pyramid. What is important is it should be able to show that there are general, more general and most general types or kinds of rules just as there are also specific, more specific and most specific rules. Besides, there are also broad, broader, broadest, narrow, narrower, and narrowest rules.
- e. Below your concept map, be able to give 10 reasons why you have to follow the rules at home, school and community and 10 practical functions of rules: 4 for home/house, 3 for school and 3 for community.
- f. Please follow the format to be submitted below.
