V. Abstract Reasoning - 30items/10mins (Pinakamahirap 20 seconds sa isang tanong, ito ung nagbabaliktad ka ng image sa isip, mga sequence) Practicing this is a must!

*PLMAT: Tips (itong mga to ay na gather ko sa group ng Selah, ito ung mga useful infos nila)*

*-try to review on cells for science and then focus on trigo sa math well that's if I remember it right lol. Good luck sa mga mag eexam.*

*-Practice on abstract reasoning, 10 mins. 30 items sa part n yan.*

*-Unahin ung madadaling items, kasi oras ang kalaban mo.*

*-Expect na pure algebra lang yung lalabas sa math pero mahirap parin due to short period of time, Plus unit circle*

*-Galingan po sa paggamit ng elimination kase mapapaisip ka talaga sa sobrang lapit talaga ng mga choices po*

*-Yung iba nahirapan ako eh pero ung iba madali lang , then sa filipino mag basa ka ng malalalim na word*

*-Imanage mo maigi yung time mo, sa english inuna ko sagutan ung dulo kasi maraming babasahin dun .*

*-Mabilisang basa at sagot po..*

*-Actually, hindi naman pero kung pagsusumahin, para siyang Baby UPCAT.*

*-sure ko lang may trigo sa math.*

*-Pagisipan mo pano mo masheshadan yung rectangle na nakatayo, ng mabilis*

*-Sa math siguro practice word problems,*

*-Tbh, PLMAT contains almost every branch of science, but only their basics*

**ANSWER THE CORRECT ANSWER AS FAST AS POSSIBLE**

**GOODLUCK!!!**
