Your answer is correct.

Question **28**

Correct

Mark 1.00 out of 1.00

You create a ____ to define the hierarchical framework of releases.

Select one:

- a. Attachments
- b. Link
- c. Details tab
- d. Release tree

Your answer is correct.

Question **29**

Correct

Mark 1.00 out of 1.00

A dynamic hierarchical structure based on virtual folders allows for flexibility in manipulating the Requirements view.

Select one:

- a. Category views
- b. Author views
- c. Category mode
- d. Author mode

Your answer is correct.

Question **30**

Correct

Mark 1.00 out of 1.00

Tests the new features of the application implemented in the release.

Select one:

- a. Cycle 1-New Features
- b. Cycle 3-Performance Testing
- c. Cycle 4-User Acceptance Testing
- d. Cycle 2-Integrated System Testing

Your answer is correct.

Question **31**

Correct

Mark 1.00 out of 1.00

When you assign a requirement to a cycle, the requirement is not automatically assigned to the release.

Select one:

- True
- False 

Question **32**

Correct

Mark 1.00 out of 1.00

You can add _____ to a cycle.

Select one:

- a. Tabs
- b. Tests
- c. Links
- d. Attachments

Your answer is correct.

Question **33**

Correct

Mark 1.00 out of 1.00

Contains the Dashboard tree in which you organize dashboard pages.

Select one:

- a. Analysis Menus tab
- b. Dashboard View module
- c. Live Analysis graphs
- d. Live Analysis graphs

Your answer is correct.

Question **34**

Correct

Mark 1.00 out of 1.00

Enable you to create and display a dynamic graphic representation of data related to test plans and test sets.

Select one:

- a. Analysis Menus tab
- b. Analysis View module
- c. Live Analysis graphs
- d. Dashboard View module

Your answer is correct.

Question **35**

Correct

Mark 1.00 out of 1.00

This tab enables you to manage the analysis items.

Select one:

- a. None of the choices
- b. Dashboard View module
- c. Live Analysis graphs
- d. Analysis Menus tab

Your answer is correct.

Question **36**

Correct

Mark 1.00 out of 1.00

A test set folder in the Test Lab module contains tests that are covered by your requirements.

Your answer is correct.

Question **46**

Correct

Mark 1.00 out of 1.00

The Detailed tab enables you to select content to include in the release scope item.

Select one:

- True
- False ✓

Question **47**

Correct

Mark 1.00 out of 1.00

Enables you to schedule PPT calculations for your entire site.

Select one:

- a. Advanced Area
- b. None of the choices
- c. Scheduling Area ✓
- d. Purge Area

Your answer is correct.

Question **48**

Correct

Mark 1.00 out of 1.00

Enables you to purge calculations after a specific time period.

Select one:

- a. Scheduling Area
- b. None of the choices
- c. Advanced Area
- d. Purge Area ✓

Your answer is correct.

Question **49**

Correct

Mark 1.00 out of 1.00

Enables you to increase the number of parallel calculations performed on an entire site.

Select one:

- a. Advanced Area
- b. Purge Area
- c. None of the choices
- d. Scheduling Area

Your answer is correct.

Question **50**

Correct

Mark 1.00 out of 1.00

It supports you through all the phases of application lifecycle management. By integrating the tasks involved in application management.

Select one:

- a. Addition Lifecycle Management
- b. Action Lifecycle Management
- c. Application Lifecycle Management
- d. Activity Lifecycle Management

Your answer is correct.
