- _____ Opportunities to work abroad
- _____ Will to pursue college
- _____ Educational scholarship
- _____ 3 _____ Change of life style
- _____ Work ethics
- _____ Compensation
- _____ 2 _____ Hard skills
- _____ Personal choice (interest)

Guide Questions

1. Which challenges or concerns did you pick out?
 - *Job opportunities*
 - *Hard skills*

 - *Change of life style*

2. Why did you consider these as your top three challenges/concerns?
 - *I chose 'Job opportunities' because as a millennial I want a job that allows me to work in teams, immediate results in my work, desire for speedy advancement and of course I want my job to focus more in technology*
 - *I chose 'hard skills' because the skills that I have right now is not enough and me having a bad memory is not helping at all.*
 - *I chose 'change of lifestyle' because me being an introvert doesn't function well when I am unfamiliar with my surroundings and I also don't like talking to people first.*

3. Are you satisfied with your choice? Why?
 - *No, because I don't know what will happen to me in the future and these choices might change.*

4. What factors should you consider when planning a career?
 - *I think skills, the availability of jobs, training and education, and things that interest you in terms of work.*

5. What are your realizations/insights about the activity?

-That I need to take finding a job seriously and I need to prepare myself for any challenges and changes I may face in my line of work.
